Endorsing Titus for Circuit Court judge

I write this letter in support of Richard Titus for judge of the Carroll County Circuit Court. My perspective is a unique one in that I am a longtime criminal defense attorney and a 40-plus year resident of Carroll County.

As a defense attorney, Judge Titus is not my first choice for my clients. He is firm and thorough. He makes my job harder. However, as a member of this community who has raised a family here, he is the person I want wearing the black robe.

He, too, is a longtime member of this community who practiced here and raised a family here. He understands what makes Carroll County an attractive place to live. He knows this county and is committed to protecting it.

I am familiar with the other candidates for his position. They are fine people and accomplished attorneys. Judge Titus is, however, a proven commodity. We are lucky to have him. Please join me in supporting his reelection.
