Endorsing Titus in judge race

I have been practicing law for almost 35 years, the last 13 in a Carroll County office. I have worked with, and met, thousands of attorneys and as I have a litigation practice appeared before many judges. Based on all those years of experience I can tell you Judge Titus is one of the best.

I dealt with Judge Titus often before he took the bench and referred matters to him outside my areas of practice. When I served on the Mount Airy Town Council he was our attorney. He is one of the finest legal minds I have ever met. He is also a good listener, level headed and kind. He knows and understands the law how to fairly apply it. Carroll County is fortunate to have him on the bench and everyone should vote to make sure he stays there.
